REMARKS

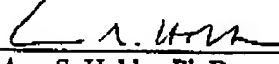

Amendment is made to replace claims 7 and 8 with claims 10 and 11, in accordance with telephonic examiner interviews held on March 14 and March 29, 2007 between Examiner Lambkin and the undersigned. The Examiner indicated in the initial interview that claims 7 and 8 were not in correct form for method claims, as there were no active steps. Active steps have been added. The newly entered claims are supported throughout the specification, for example at page 5, lines 34-37, page 6, lines 25 - 29, page 7, lines 7 - 13, and in example 7. No new matter has been added. Entry is requested.

Applicants thank Examiner Lambkin for her courtesy and consideration in the telephonic examiner interviews, in which the present amendment was discussed.

If any issues remain in the case that require discussion, the Examiner is invited to telephone the undersigned.

Respectfully submitted,
